Professional Skills

My Degree in Computer Science as well as Experience in working in a Networking & ICT outfit and very good knowledge of Microsoft packages, makes me fit for a Position in the IT Departments of Organizations with respect to Hardware and Software Troubleshooting.

I have also currently acquired Further Training in Web Designing, & currently studying Web Development; an area which I feel would make me of Utmost Importance in terms Of managing the online presence and profile of the organization.

I am well organized and possess some experience to utilize available resources to enhance general work flow. Possess the ability to think independently and take initiatives to perform required functions. Good Communication skills in dealing with colleagues and customers. Very good at Multi-Tasking and also very resourceful.
