FREELANCE EXPERIENCE

I am a consultant instructor and training facilitator for some reputable outfits such as

1. Institute of Safety Professionals
2. Suzuki Driving School, Lagos
3. QESH Standard
4. Sulan Services

PROFESSIONAL EXPERIENCE

C&I Leasing Plc;

My duties includes

- Implementation of an environmental management system conforming with ISO 14001 to control significant risk
- Development and implementation of Safety Management System

- Development of HSEQ program descriptions which specify the procedures and methods that are used to assure conformance with regulations and best practices
- Supervising and performing, along with the Officer on vessel, internal audits onboard Company vessels, reporting on conclusions of Ship Safety Committee meetings and following-up on suggested corrective actions
- Investigating and analyzing injuries, accidents and other safety and pollution related incidents; proposing rectification action in order to avoid recurrence.

BINT & PRATHEL LIMITED;

The company undertake manpower recruitment for multinationals. I was employed as a QHSE Professional to supervise the activities of United Geophysical Nigeria limited/Integrated Data Services Limited (UGNL/IDSL), a Joint Venture Seismic Data acquisition company under contract to Chevron Nig. Ltd (OML 53 Prospect).

My duties were:

- ❖ Supervision of the crew's HSE activities to ensure compliance with the Client's requirement and that of the regulatory bodies.
- ❖ To advise the crew management in the event of deviation from the standard.
- ❖ To act as a liaison between the Client (Chevron Nigeria Limited) and the Contractor (UGNL/IDSL JV 172)

China National Petroleum Company/ Bureau of Geophysical Prospecting (CNPC/BGP)

The company is involved in seismic data acquisition for oil exploration and production companies. We have acquired seismic data for major players in the oil prospecting industries and my experience spanned offshore, shallow marine and land seismic operations.

As HSE Advisor my duties includes:

- Develop line management awareness and ensure HSE as an integral part of line management objectives on the crew.
- Ensuring compliance to Company policies, standards and procedures
- Advise crew management on corrective actions required
- Co-ordinate and actively participate in recruitment and training of personnel, including contractors
- Advise crew management on the compliance of crew HSE-MS with local, national and contractual regulatory HSE requirements.
- Investigate and report the accident of LTI/RWC/MTC
- Daily compliance investigation and weekly analysis report
- Arranges for employees swim-test, and issuing swimmer's cards to owners

United Geophysical Nigeria Limited (UGNL/Integrated Data Services Limited (IDSL) Joint Venture;

United Geophysical is a British owned seismic data acquisition company. They had a joint venture partnership with the Integrated Data Services, a subsidiary of the Nigerian National Petroleum Company. The JV is involved in seismic data acquisition for oil exploration and production companies in Nigeria.

I worked as HSE Advisor. My duties are similar to that of CNPC/BGP as listed above
