Dear Sir/Ma

LETTER OF RECOMMENDATION

I'm writing with utmost pleasure on behalf of Nwafor Okechukwu, a competent, energetic, dependable, and hardworking staff of Matilda Hill School, accepted on the 23rd January to 3rd November 2016 to carry out his National Youth Service in the positions of class teacher and assistant hostel master. He would make a great asset to any organisation and as such has my highest recommendation for a position in your organisation.

During the time Okechukwu worked with us he showed a great deal of maturity, excellent organisation and communication skills with a great work ethic whilst possessing the ability to multitask and work under pressure.

A team player with a friendly personality, Okechukwu seamlessly adapted to the school work ethics and principles. Also a talented artist he has some of his art works displayed in the school premises. It's his commitment to growth, development and well-being of his students that makes him an outstanding staff.

If you have any further questions, please do not hesitate to contact me using the information on this letter head. Thank you for your time.

Sincerely,
Ayodele Tunde,
