

Cletus Abhulimhen

PROFILE

- Date of Birth: 27th January, 1988
- Religion: Christianity
- Gender: Male
- Marital Status: Single
- Phone Number: +2348037119824
- E-mail: cletusabhulimhen@gmail.com

I am an innovative Field Engineer, result oriented and self-motivated. Possesses strong analytical, Instrumentation and computing skills especially use of Microsoft office packages and BHI Advantage.

EDUCATION

B.Eng Mechanical Engineering **2005 - 2010**

Ambrose Alli University Ekpoma, Edo State.

Second Class Hons

West African Examination Council **1998 - 2004**

Gbenoba Grammar School Agbor, Delta State.

First School Leaving Certificate **1990 - 1998**

Auntie Mary Junior School Ewohimi, Edo State Nigeria.

EXPERIENCE

Drilling Engineer (Well Planner). Segofs Energy Services Limited **March 2016 – Date**

- Building and maintaining of directional drilling mud motor to various specifications as required by client.
- Use of Halliburton's **COMPASS** software for planning of drillable wells from surface to targets, considering possible collision with near-by and offset wells.

Field Specialist Engineer- Measurement/logging-while Drilling (MWD/LWD) Services **2013 - 2015** **Baker Hughes, Nigeria**

- Promote company's health, safety & environmental policy and objectives; performs work in accordance with the company's established rules, regulations and approved procedures.
- Specialize in running formation evaluation tools for acquisition of real-time/memory data
 - **OnTrak** : Lithology identification with the use of Gamma ray and fluid indicator (either hydrocarbon or water) with the use of multiple propagation resistivity frequencies. Also used for taking directional survey.
 - **LithoTrak** : used to log bulk density and neutron porosity with the use of radioactive source in realtime mode and memory mode
- Assist clients in interpretation of formation evaluation well site data
- Prepares for MWD/LWD operation, rig up and test surface equipment, assembles and test MWD downhole tools
- Operates and monitor MWD/LWD services on rig site
- Provide operational advice on equipment technical/operational specifications to customers in a professional manner

Government Secondary School Sogho, River State Nigeria

November 2011 - October 2012

Role: Graduate Teacher (NYSC Scheme)

Responsibility: Impacting knowledge on students in Mathematics and Physics.

Field Service Engineer Trainee in Instrumentation (Internship)

October – December 2009

Schlumberger Oil Field Services, Portharcourt Nigeria

- Process instrument testing, service and calibration e.g. pressure and temperature transmitters, controllers, indicators, switch and pumps and ensure instrumentation control systems and automation systems are calibrated and functioning properly.
- Process measurement and control system. Start up, operation and shut down of flow station.
- Servicing and alignment of control valve, gauge valves and plug valves and integrity checks on pressure control loop, flow control loop and level control loops.
- Monitoring of operation parameters of running engine/units
- Well head Inspection and Production Data collection
- Reports all serious malfunctions immediately to supervisor for his advice and direction.
- Generate detailed work records and hand over notes to facilitate proper communications between work crews.
- Carry out all activities in accordance with Company safety procedures and manufacturer's recommendations and working with the necessary protective equipment at all times.

Cementing Engineer - Industrial Training (Internship)

July – September 2009

Schlumberger Oil Field Services, Portharcourt Nigeria

- Repairs and servicing of Plug valve, Swivels etc.
- Service and test run cementing unit before leaving for rig site.

Laboratory Scientist - Industrial Training (Internship)

April - June 2009

Schlumberger Oil Field Services, Portharcourt Nigeria

- Carrying out tickning time test, Rheology test on cement slurry and sending result for use on rig site.
- Mentor younger ITs on various test on cement slurry

PROJECTS

- Seplat Petroleum Development Company: Drilling of Orogho 5, Oben 41, Oben 44 & Oben 46.
- Chevron Nigeria Limited: Drilling of Agbami 34
- Total Exploration and Production, Nigeria: Drilling of Usan 34
- Addax Petroleum Development Nigeria Limited: Drilling of Okwuori 27
- Shell Petroleum Development Company: Drilling of Agbada 57 ST1
- Mobil Producing Nigeria Unlimited: Drilling of Usan 572
- Nigeria Agip Oil Company: Drilling of Samabri E12
- Nigeria Petroleum Development Company: Drilling of Oredo 14 & Utorogu 38.

TECHNICAL TRAININGS

- Baker Hughes well positioning course, Port Harcourt, Nigeria (2013)
- Basic Offshore Safety Induction Emergency Training (BOSIET) TOLMANN, PHC Nigeria (2013)
- Baker Hughes MWD Directional Gamma Academy, Dubai (2014)
- Baker Hughes MWD Resistivity Academy, Dubai (2014)
- Baker Hughes MWD Radioactive Source Handling Training, Dubai (2014)
- Baker Hughes Porosity & Bulk Density Logging Training, Port Harcourt, Nigeria (2014)
- Baker Hughes HS&E Renewal Training Courses, Port Harcourt, Nigeria (2013 – 2015)
- Compressed Air Emergency Breathing System Initial Deployment Training, Nigeria 2017

SKILLS

- Strong business acumen and ability
- Strong organizational skills
- Ability to work effectively with minimum supervision
- Strong oral and written communication skills
- Strong interpersonal and leadership skills

PROFESSIONAL ORGANIZATIONS

Society of Petroleum Engineers (SPE), Member

INTEREST

Reading, Swimming and Playing of musical Instrument

LANGUAGE

English and Esan.

REFEREES

Mr JAMES IBIBOR
